PIZARRO, an excellently developed Perfect son, impresses with its massive appearance and impeccable feet & legs. His mother and grandmother are also fantastic cows, which are large-framed and show a lot of substance. Their feet & legs and udders look young and fresh. Pizarro daughters will be large-framed, well-muscled cows with excellent feet & legs and good udders, who will make their owners happy with high milk yields. Because of the exceptional combination of bloodlines (Perfect x Mint x Waldbrand) Pizarro can be widely used in the Fleckvieh population.
